If you are watching a tutorial and a slide's audio seems to have cut out, return to this page (exit the tutorial) and follow the steps here: www.gcctraining.com/cache. Occasionally while downloading a tutorial an audio file will be truncated and not function properly.

The list of Required Tutorials will be seen on this page. If you stop a tutorial before it is completed, the tutorial will start where you left off the next time you login. The Admin will be able to track the completed tutorials and give you credit. Keep the Certificate for your files.
